LEARN TO SCUBA DIVE

Call for next available class

\$450 SCUBA CLASS: Online classroom, Pool, Four Lake Certification Dives, Log Book, BCD, Regulator, Dive Computer, Tank, Weights, Wet Suit, Mask, Fins, and Snorkel (\$200 deposit for online class and pool; Food, transportation, and accommodations not included).

SCUBA diving is a fun and exciting adventure that will take you to places that you may have never dreamed possible. At ProTech Scuba LLC we are dedicated to giving you the best scuba diving experience possible for the least amount of money. As such, we offer two complete certification packages to choose from (Lake certification or certification in San Carlos, Mexico), both with exciting underwater experiences.

SCUBA diving instruction consists of three phases: academic, pool and open water. The academic portion of the course is completed online, through SDI's eLearning environment (work at your own pace). Pool session(s) will be conducted in the evening or during the weekend and will be scheduled once you have started the online portion. Once these two phases are completed, you are ready to get certified in the open water.

In open water, the skills you learned in the pool and online will be tested on four open water dives. The price above includes the trip to one of Arizona's many lakes. If you choose to attend a San Carlos, Mexico trip for certification there is an additional fee (\$450) to cover the boat and motel accommodations. Your SDI SCUBA certification is good anywhere in the world. It allows you to purchase or rent gear and enables you to travel to dive locations in order to experience the wonders of the underwater environment. You can also use your certification to learn more about diving by taking our Advanced Adventure Diver Course, or any one of our many specialty courses.

SCUBA diving is fun for the whole family! Or, invite a friend to learn to dive with you. Basic open water training is just your first step in 'Experiencing the other 71% of the planet!'
